

The 15' Wet or Dry Slide

About The Wet or Dry Slide:
The 15' wet/dry slide is a hit with little girls and boys, as well as adults! This is a custom-made unit, constructed of high quality vinyl and for commercial use. This is NOT a "buy for home use" type of unit. Participants climb up one side and slide down the other. This unit can be operated dry, or as a water slide!

Requirements:

The 18' wet/dry slide requires a flat area at least 15' X 25', within 80 feet of an electrical outlet. We need at least 20' height clearance away from trees or power lines to set up this unit. Sticks and rocks must be cleared from the area before we arrive. This unit may be used indoors in dry mode only, if you have a large enough area. You may be able to rent a gymnasium at a nearby park, church, or school for this purpose.
